

## SYLLABUS

#### 1. Data about the program of study

1.1 Institution	Technical University of Cluj-Napoca
1.2 Faculty       Faculty of Electronics, Telecommunications and Info         Technology	
1.3 Department	Foreign Languages and Communication
1.4 Field of study	Electronic Engineering, Telecommunications and Information Technologies
1.5 Cycle of study	Bachelor of Science
1.6 Program of study / Qualification	Telecommunications Technologies and Systems/ Engineer Applied Electronics/Engineer
1.7 Form of education	Full time
1.8 Subject code	TST-E14.20/EA-E14.20

#### 2. Data about the subject

2.1 Subject name		Fre	French Language 1					
2.2 Subject area		-	-					
		Assoc	. Pro	f. Cristiana BULGARU, F	٩h.D	).		
2.3 Course responsible		Cristiana.Bulgaru@lang.utcluj.ro						
2.4 Teacher in charge with Assoc. Prof. Cristiana BULGARU, Ph.D.			).					
seminar / laboratory / project		Cristia	na.B	ulgaru@lang.utcluj.ro				
2.5 Year of study	1	2.6 Seme	ester	2	2.7 Assessment	V	2.8 Subject category	DC/DO

## 3. Estimated total time

3.1 Number of hours per week	3	of which: 3.2 course	2	3.3 seminar / laboratory	1
3.4 To Total hours in the curriculum	42	of which: 3.5 course	28	3.6 seminar / laboratory	14
Distribution of time					hours
Manual, lecture material and notes, b	ibliogr	aphy			2
Supplementary study in the library, online specialized platforms and in the field					2
Preparation for seminars / laboratories, homework, reports, portfolios and essays					4
Tutoring					
Exams and tests					
Other activities:					
3.7 Total hours of individual study		8			
3.8 Total hours per semester 50					

5.6 Total nours per semester	50
3.9 Number of credit points	2

## 4. Pre-requisites (where appropriate)

4.1 curriculum	
4.2 competence	Level A2, The Common European Framework of Reference for Languages (CEFR)

## **5. Requirements** (where appropriate)

5.1. for the course	
5.2. for the seminars / laboratories / projects	Class attendance, individual study and homework completion

## 6. Specific competences

Professional competences	N/A
Transversal	CT1 - Methodical analysis of the problems encountered in the activity, identifying the elements for which there are established solutions, thus ensuring the fulfillment of professional tasks.
competences	CT3 - Adaptation to new technologies, professional and personal development, through continuous training. Use of printed documentation sources, specialized software and electronic resources in Romanian and in (at least) one language of international circulation.

### 7. Discipline objectives (as results from the key competences gained)

7.1 General objective	<ul> <li>Development of oral communication competence in technical professional context;</li> <li>Knowledge of grammar rules, formats, and conventions for writing technical documents in a foreign language.</li> </ul>
7.2 Specific objectives	<ul> <li>Developing the competence to understand, transmit and evaluate an oral message in a technical professional context;</li> <li>Development of lexical, grammatical and discursive knowledge in languages specialty;</li> <li>Mastering the strategies for documenting, processing information, drafting according to discursive models specific to specialized languages.</li> </ul>

#### 8. Contents

8.1 Lecture (syllabus)	Teaching methods	Notes
1. Differences between written and oral communication.		
2.Introduction in oral communication: verbal / nonverbal /		
paraverbal difference, interpersonal communication.		
3. Elaboration of a presentation: objectives, structure.		
4. Introduction and conclusion of the presentation (techniques and		
structures).		
5. Content of the presentation (techniques and structures).	Lecture	
6. Practice of presentation support. Criteria for evaluating a	Practical exercises	
presentation.	Debate	
7. Written evaluation.		
8. Introduction to written communication: writing styles, typology		
of technical documents.		
9. Specificity of scientific and technical discourse. The specialized		
lexicon.		
10. Paragraph - readability, consistency and conciseness. Paragraph		

Facultatea de Electronică, Telecomunicații și Tehnologia Informației

types.		
11. Text processing techniques - summary and development.		
Summary of the scientific paper.		
12. Speech acts specific to the technical writing: definition,		
classification of the description of the devices, instructions for use.		
13. Speech acts specific to technical writing: opposition and		
comparative evaluation.		
14. Written evaluation.
