NTT DATA

SAP Business Intelligence Academy

Are you a self-starter, tech-savvy student or fresh graduate?

Take on real-life challenges where you get to dive into the world of data. You will be mentored by leading experts to unleash your creativity and reshape our client's business intelligence landscape.

We truly believe that giving you the space to learn by "trial & error" sparks your innovation. This is your chance to become a data-savvy SAP Consultant who drives up the productivity and performance of our customers — you'll get to work with other talented students in top-notch offices and blow us away with the application of new concepts.

Is this you?

You are fluent in **German and English** and currently enrolled in a Bachelor's (final year), Master's degree or you are fresh graduate.

You are looking for a **full-time**, learning experience that will land you an **SAP Consulting career** afterwards!
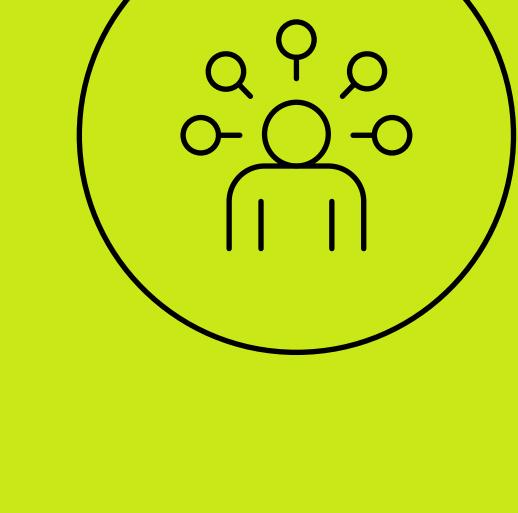

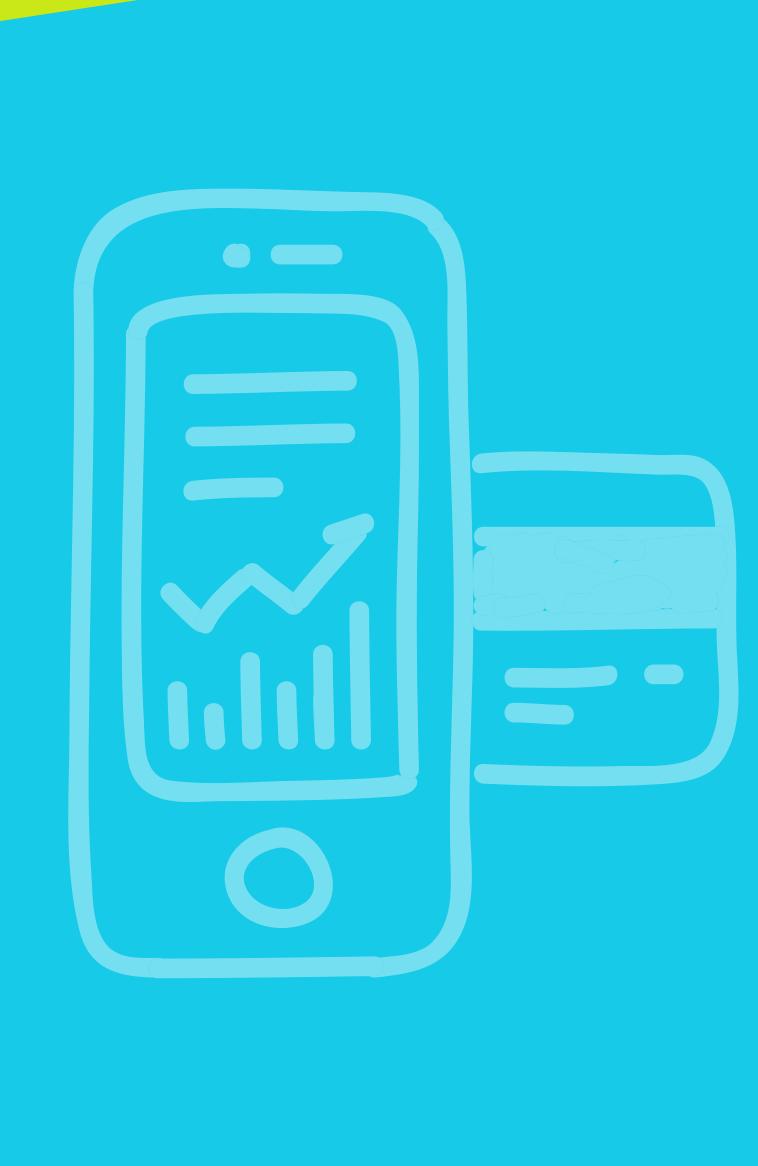

Discover your office!

YOUR FUTURE STARTS TODAY!

First step in your SAP Consultancy journey

- **Hands-on learning**
- **SAP BI & BW, ABAP, SQL, BW/4HANA**
- **SAP BI Bootcamp**

## Sleeves up, hands-on learning

- › 13-week intensive training backed up by self-study
- › SAP BI fundamentals
- › Daily sessions with Romanian and German experts
- › Exciting project presentations and progress evaluation
- › Get your feet wet and land a real project afterwards

What you are good at & what you'll need to win

- › Degree in (Business) Informatics, Natural Sciences, Mathematics or a similar qualification
- › Analytical mindset and a strong interest in numbers and data structures
- › Basic knowledge of data warehouse architecture, data modeling or reporting and planning
- › Fluency in German and English is a must
- › Team-player; willing to go on occasional business trips
