

SUMMER *Working Student* PROGRAM

What are you doing over the summer break? Join the Bosch Cluj Plant!

Designed for students who are ready to take the first steps into the real-world work experience, this 3-month program aims to offer the opportunity to work closely with professionals in the chosen field, gaining valuable insights into the industry, and develop useful skills in their future careers.

Benefits

You will enjoy a paid program during summer break

You get a behind-the-scenes look into our industry and consolidate a foundation to start building the career you want

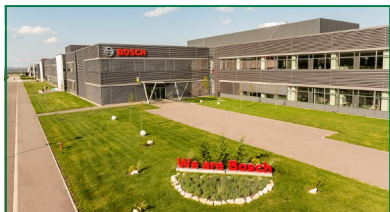

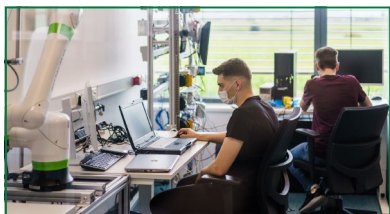

You will apply the knowledge you gained in your area of study to real-world challenges

You will be directly involved in the team and will have the opportunity to actively contribute with your ideas

You will work side-by-side with our specialists

You are matched with a Bosch Engineer to mentor you throughout the program

Please apply between
March 1 - March 23 and
April 1 - April 23

SUMMER INTERNSHIP

How about a new student program offered by the Bosch Cluj Plant?

Now you can value all the theoretical aspects learned at university by combining a hands-on approach with the high-value experiential learning within our plant. You will not only benefit from a great head start in your career but also from the great chance to, at the end of the program, continue your journey of gaining practical experience in another Bosch program for students or take a permanent role in the company.
